

# purely icelandic astaxanthin

Bulk Softgels & Branded Formulations

# The Magic of Iceland in a Capsule

**Algalif™ offers a range of high-quality natural astaxanthin finished products made with our premium Astalif™ Astaxanthin oleoresin. Our formulations combine everything that is great about Iceland into easy to take dietary supplements.**

---

### **Naturally Sourced**

Astaxanthin is a powerful natural antioxidant extracted from *Haematococcus pluvialis* microalgae.

### **Multiple Health Benefits**

Brain health, eye health, healthy aging, cardiovascular health, muscle endurance/recovery, and skin health.

### **Backed by Science**

There are over 50 human clinical studies on astaxanthin.

### **Purely Icelandic**

Iceland is the perfect location for cultivating the purest astaxanthin.

### **Sustainable Choice**

Our microalgae is cultivated with pure Icelandic water and 100% renewable energy.

### **Just-in-time Manufacturing**

Flexible batch sizes and quick response to additional batch needs.

### **360° Support**

Ask us about custom formulations, packaging design, and blistering/packing services.
